The Charleston Cotton Market.

The market on Saturday was still unsettled, with a falling tendency. Buyers, expecting lower rates, are unwilling to enter the market, and the transactions are conse about 135 bales, 34c. Wh. being paid for Liverpool Middling. The lots and prices were as follows, say 7 at 32; 77 at 33; 50 at 34. In the present condition of affairs, quotations must be considered merely nominal, and we

COTTON.—Our last week's review reported the market on Thursday closing quiet, with few sales at 35½a36c for middlings.

Friday.—Market quiet. Holders more disposed to meet the views of buyers. Sales 274 bales, at 35a35½c.

Saturday.—No change. Sales 276 bales, at 35a35½c.

Saturday.—No change. Sales 267 bales, at 35a35½c.

Monday.—Market excited by the advance in Liverpool, and ½a1c better. Sales 368 bales at 35½a36c.

Tuesday.—The advance yesterday sustained, and the market very active Sales 503 bales, at 35½a36c.

Wednesday.—The market unchanged, and a good inquiry. Sales 440 bales, at 35½a36c.

Thursday.—The continued dullness in New York, and a want of confidence in prices, have at last materially affected our market, and holders conceded ½a1 cent on the prices of the day previous; 200 bales only changed hands, at the following quotations, Liverpool classification: Middling 33½a3s, strict middling 34½a35, good middling 35½a.—The inquiry during the day was good, but buyers demand greater concessions than sellors seem disposed to make. The heavy frosts reported would naturally have stimulated prices, but the absence of any arroport damand at the North has so materially increased the stocks at the ports as to render buyers very cautious.

RECEIPTS.—The receipts at this port show a slight falling off from last week, being 7815 bales, against 8218 last week, and 7847 for the weeks very nearly the same. The exports are 5562 bales, against 5255 for the week previous, and the stock on hand 14,389 bales, an excess over the previous week of 2289 bales.

The receipts to the 50th ult. at all the ports, according to W. P. Wright, are 112,000 bales, against 300,000 same time last year, and the exports 59,000 bales, against 147,000 for last year.

Chop.—A killing frost has probably by this time visited nearly overy portion of the Cotton-growing country. This will, of ccurse, have a serious effect, but is in a great measure compensated by the extraordinary good weather for picking, which is everywhere reported.

Sex ISLAND

SAVANNAH, November 9.—The cotton market has been flat, the news from New York and Liverpool, about noon, throwing a wet blanket on it. We hear of sales being made at 35c for New York Middlings. There was not much call for the poorer grades.

Mobile Market.

MOBILE, November 6.—Corron.—The market opened firm this morning at yesterday's closing figures, but the moderate demand and small number of buyers in the market caused factors to become easier in their ideas, and willing to give way to small concessions demanded. This was more apparent after receipt of the New York noon telegram, reporting that market dull. Sales of the day foot up 950 bales, the market closing quiet at—a56c for Middling.

As will be seen by telegrams in another column there.

noon telegram, reporting that market duil. Sales of the day foot in 950 bales, the market closing quiet at—a5c for Middling.

As will be seen by telegrams in another column, there is a decided muss amongst the agents and stockholders of the Telegraphic Press Association in New York. We are not posted as to the merits of the case, but trust that the trouble will result in better facilities for getting news than has heretofore been afforded the Southern Press. If the new administration is to continue to make Southern journals pay heavily for information, and permit the very news they pay for to be sold beforehand, we cannot see the good to be derived from any change. So far, the Cable news, especially, has been an imposition rather than a benefit to the public, for only the moneyed man can command its use, and it has been used by a few in the North us an all-powerful engine of speculation in our Southern markets. We do not wish to be understood as charging any of our own merchants with using undue advantage in getting this information—but simply to say that the whole system of commercial telegraphic information has, up to this time, been a fraud, and the Southern Press should take advantage of the present difficulty, and lend its support to the party or parties who will deal most fairly and liberally with them.

Monerany and Firancial.—Heavy transactions are reported in New York Sight to-day, but confined to a few operators. As we predicted, rates are easier than yester-day, and mors in Savor of buyers. The Banks and Bankers are drawing at par to ½ discount, and buying outside bills at ½4½ discount. In the offerings of Sterling, which have been more freely taken up at 155a15d

outside bills at ½a¾ discount.

We note a slight improvement in the offerings of Sterling, which have been more freely taken up at 155a156 and 157, the market closing nearer the latter figure.

The Gold market has been quiet and dull at 147½a149, buying and selling.

New Orleans Sight ⅓ discount to ⅓ premium.

New Orleans Market.

NEW ORLEANS, November 6.—Corron.—The market opened this morning with a rather restricted inquiry, but subsequently the movement became more general, but although factors in the early part of the day were quite stringent in their claims, still, after the receipt of the noon telegrams, they relaxed their pretensions, and buyers being; thus enabled to operate more advantageously, quite a brisk demand set in, resulting in sales to the amount of 4100 bales, nineteen brokers participating in the business. Prices were somewhat irregular, the lists sold early in the day being at enhanced rates, while the figures paid subsequently were generally within the range of last evening's closing quotations. Reforting to the above remarks, we now quote as follows: Ordinary, 39a3ic; Good Ordinary, 33/431/6; Low Middling, 35/430/4; and Middling nominal at 33½. The Gordinary, 39a3ic; direly confined to the better descriptions, the interior qualities would appear to have been attended with little or no improvement. The receipts proper since Friday evening (excluding the arrivals from Mobile, Florida and Texas, which are included in their respective statements), comprise 12,869 bales, against 3667 during the corresponding period last week, showing an increase of 4193 bales. The exports embrace 7888 bales, 1839 of which were to foreign ports, and 6029 coast-wise.

213,258 Cleared to-day. 4737. Cleared previously. 76,219—80,956

Stock on hand.

The clearances comprise 1489 bales for Boston, 1409 for New York, and 1839 for Liverpool

SUGAN AND MOLASSES—The receipts are yet vary small, and insufficient even for the wants of the local trade. They have increased a little, however, comprising, since yesterday, 56 hids of sugar, 36 half bbls and 93 bbls molasses, all new crop, and mostly from the upper coast. The demand is very good, the new crop of the demestic production being decidedly in request for the city trade, the Gulf ports, the interior, and the Northern and Western markets. Buyers generally appear anxious to oper-

ate, and sufficient and well assorted supplies would sell readily on the landing at full prices. The sales to-day comprised about 50 hhds new sugar, in soveral lots, at 15½0 % ib for fully fair to prime, old process, and 16, 16½ and 16½0 % ib for relibor claimed. Of molesses, upwards of 100 bbls choice new seld in several lots at \$1 % gallon, and 36 half bbls of the same at the same price. We have heard of some sales of sugar, and of half bbls of molesses, the particulars of which have not transpired. Molesses in half bbls, which is poor in quality, is quoted at \$5 conts % gallon. All descriptions of new sugar are in request and sell readily, but common molesses is somewhat neglected, while good is very desirable, and, in fact, much in demand. There is now, however, very little or uo sugar or molesses remaining in first hands on sale. The stock on hand of Cuba sugar and molesses is very small, but not much sought for, the preference being for the home product. The market is bare of the qualities of Cuba sugar desirable for grocers' trade, which are the grades most in request. Nos. 12 and 13 are retailing at 33.13½ cents % lb. Cuba clayed molesses is retailing slowly at 65 cents % gallon, while choice muscovado molesses commands 71½ cents % gallon.

Fratforrs.—The rates are now 1 cent % lb for cotton

choice musecovate mouses at the carge at 60 cents we gallon. Cuba clayed is quoted by the carge at 60 cents we gallon. Farmours.—The rates are now 1 cent which for cotton and 90 cents which for flour, by steam, for New York, and 1½ cent with for cotton for Boston; sail for New York, ½ cent with the for cotton, 75 cents with for flour. Sail for cotton and 75 cents with bit for Boston, ½ cent with the for cotton. Sail for Liverpool, ½ a0-16d with the for cotton. Sail for Liverpool, ½ a0-16d with the cotton; for Havro, 1½ cent. The offerings, especially by steam, for the North are quite brink, so they are by sail for Havre, but for Liverpool they are small. The steamer which laid on her berth for Liverpool yesterday has obtained ¼ d with the for cotton. A ship was taken for Havre at 1½ cent with the for cotton; a vessel was taken for Philadelphia at 1 cent, and a vessel was laid on for Boston at the current rates.

Wilmington Market.

WILMINGTON, November 10.—The market rules unusually quiet for country produce, and transactions light. Sales as follows:

TUBPKKINE—Has declined 25 cents, and we quote sales REFIGURE TO THE HAS Also declined, and the market closes at lowest figure. Sales of 147 bbls at 74 cents, and 19 do at 72 cents per gallon.

COFTON.—A small lot (16 bales) sold to-day at 32 cents
or mlddling—a decline of 2a3 cents.

Baltimore Market.

Baltimore Market.

BALTIMORE, November 8.—COTTON—Is quiet, and slightly in favor of buyers. We quote, with sales, Middiling Uplands 37a37½ cts.

Covree.—The market is dull, and prices favor buyers, though without any quotable change. We have only to report to-day 111 bags Rio at 18a10 cts, gold.

FLOUR.—Our market is inactive, though the sales reported are at about former prices; included were 100 bbls Northwestern Super at 311; City Mills, good, \$12; 400 bbls medium grades Northwestern Extra at \$13a \$13 12½; 500 bbls Howard Street Family \$15 0. We repeat quotations as follows.

Mollasse—Stock very small in importers' hands, and without quotable change in the absence of sales. Provesions.—Bacon is in active demand for the South, and prices steady at 10%a17 cents for Shoulders, and 18%a19 cents for rib Sides, and 19%a19% cents for Clear Rib; Hams quiet but searce and firm at 22%a23 cents for Shipping, and 25a26% for sugar-cured canvased. Mess Pork is nominal, at \$34. Lard firmer,; quoto 16 cents for City and Western, bbls. No Bulk meats offering. Salt..—Liverpool is in light stock, and firm for lots, from dealers, at \$2 25a2 30 for ground alum, and \$3 10a 3 25 for fine. Tur
